Work Experience

Employee Manager 2017-2018

Being an employee manager for a student bar involves making volunteers feel that the experience to work in a bar is rewarding and fun.

Education

Umeå University 2016-2021

The Master's program in Interaction Technology & Design is a blend of design theory with product development. You learn how to create technical solutions with people in focus and you gain skills in a lot of professions including UX-design, Full-stack, Front-end and Back-end development.

Western University 2019

I studied at Western University in **London, ON, Canada** for one term. During my stay, I broadened my education by studying Music Theory, Psychology, Digital Marketing, and Search Engines.

Skills

C	Node.js
C#	HTML/CSS
Java	Music Theory
React	Project Management
Unity	Intermediate German
